Midori Safety Shoes UG3695 White

Series: UG3695 White

Features:

- Sneaker-styled shoe that comes standard with a 200J steel toe cap.
- Wider steel toe cap, larger than usual at 4.0mm, reducing toenail squeeze.
- Double polyurethane foam sole with high-performance cushioning and a lightweight design, utilizing the injection mold method to join the outer and upper sole together.
- Resistant to oil, excellent anti-slip performance in normal conditions.
- Designed size and shape suitable for Asian feet

Benefits:

- Keep in a dry, ventilated area.
- Suitable for dry floor.
- Suitable for slightly oily floor.
- Avoid exposure to acid and other chemicals.
- Automotive Industry
- Warehouse
- Logistics Industry
- Electronic parts Industry
- Painting Section
